THE KERALA STATE SMALL
INDUSTRIES ASSOCIATION

The Machinery Expo 2024 serves as a comprehensive showcase for cutting-edge technologies and manufacturing solutions, dedicated to promoting micro, small, and medium enterprises. Focused on highlighting the latest trends in machine tools, automation technologies, CNC machines, SPMs, and advanced processing and packaging machinery across diverse sectors, the exhibition offers a first hand experience of technological developments through live machinery demos. This platform facilitates one-on-one interactions, providing prospective and existing entrepreneurs with valuable techno-commercial insights and details.

- The event will contribute to brand building, the development of a customer base, and fostering customer relations.
- The expo will offer machinery manufacturers a platform to showcase their latest products, facilitating the exploration of business opportunities.
